## Embossing Tools

### SINGLE END TOOL

**PACKAGED: ET1P \$3.25**

Packaged with complete instructions and polybagged with hanghole. Stainless steel ball tip with a wood handle for a firm grip. This tip will work with any of our stencils and is large enough to allow many weights of paper to be used.

### DOUBLE END TOOL

**PACKAGED: ET2P \$3.75**

Same packaging and instructions as single end tool. Same wood handle and steel tip, but with a second, smaller tip added.

## Sponges

### Professional Artist Natural Seawool Sponges

Enhance your room or projects using a sponge to create decorative Faux Finishes. Use with acrylics, oils, watercolors, & fabric paints or dyes.

**SS3-Small \$4.99**

Approx size 2"x3" (3 in package)

**SS4-Medium \$5.99**

Approx size 3"x3" (2 in package)

**SS5-Large \$6.99**

Approx size 3"x5½" (1 in package)

## Stencil Brushes

These stencil brushes are handmade with good quality, natural, bleached, boar bristles. They are suitable for all types of stenciling. Somewhat stiffer than our **Premium Stencil Brushes**, they have single tipped bristles, not split (flagged) tips. The handles are a stained and varnished hardwood that is easily cleaned. Brush sizes are approximate and can vary by manufacturer.

**On Sale - 50% OFF**

**Limited Quantity**

B1113-1/2" \$2.30

B1114-5/8" \$2.75

B1117-3/4" \$3.25

## Premium Stencil Brushes

These bristles have a softer "spring" to them, which is appreciated by experienced stencilers. While split ends - called flags on a boar bristle - may be bad on your hair, they are very desirable on brushes. A bristle doesn't come to a single point, it has 2 to 3 "flags". They hold more paint and give a smoother finish to your paint application. The ferrule, the black part that holds the bristles in place, is seamless and molded in place over the painted and sealed hardwood handles that are easily cleaned. **On Sale - 50% OFF**
